To the Parents/Guardians of elementary/junior high school students

Hekinan Board of Education
Nishibata elementary school Principal Akinori Tachibana

Regarding attendance and school lunch after re-opening of the schools

We wish you the best of health during this fresh green season. We would like to show our deepest gratitude for your constant support in Hekinan education.

In the previous letter, we had notified that temporary school closure would be extended until May 31st to prevent the spread of COVID-19. However as we received the request from Aichi Board of Education to re-open the school, we will be carrying out the request with the following details regarding the student's school attendance and school lunch. We will do our best to continue avoiding 3C's (Closed spaces, Crowded places, Close-contact) as we proceed with the education in the schools, therefore your understanding and cooperation will be greatly appreciated.

Notes

4 Others

- The school re-opening periods, and the school attendance procedure may change depending on the situations in the society. Please check the information in the school email or school homepage.
- Please check the rules of going to the schools and procedures for changes in body conditions while in the schools in the enclosed paper “Procedures for preventing the spread of COVID-19 after re-opening the schools”. Please also continue to practice the virus prevention at home, as well as getting enough sleep and nutritions to strengthen the immune system of your child. Thank you for your cooperation.
